

District Core Effectiveness Report

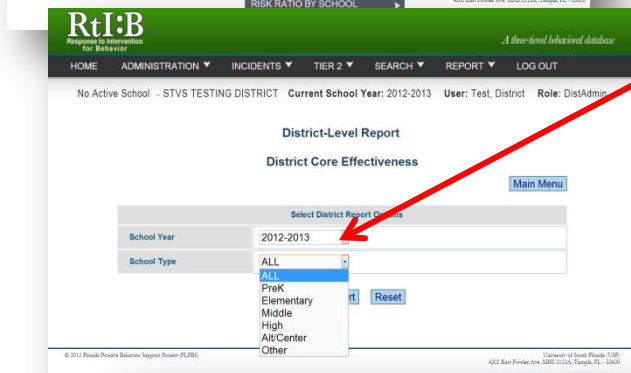

Use this report to get an overall estimation of the effectiveness of your core curricula for behavior across all schools, or all types of schools in the district.

1 District Level Reports

Only users with a District Administrator access level can generate this report.

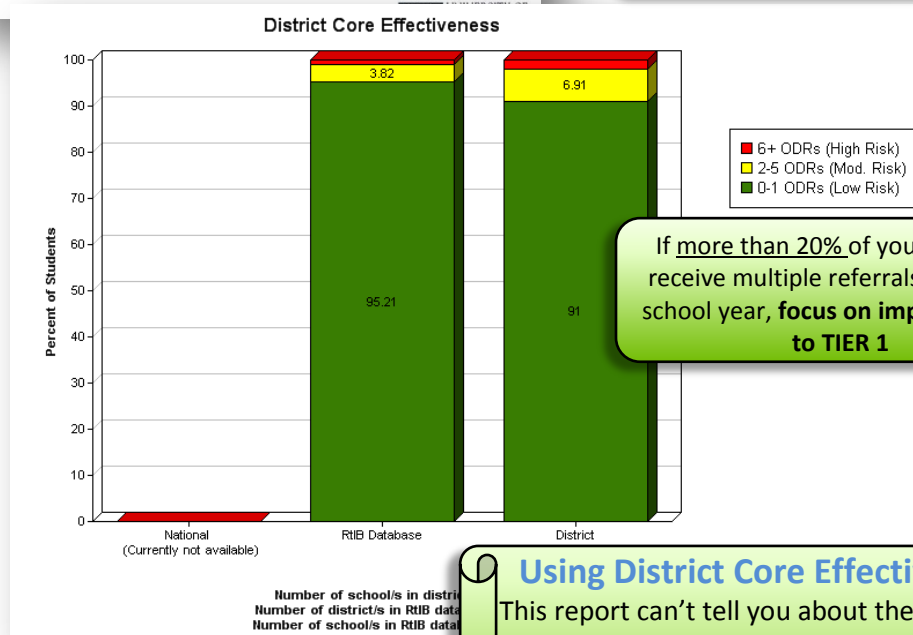

2 District Core Effectiveness

3 School Year and Type

Select the school year and school type for the report

Make sure core effectiveness is true for ALL school types and for each school type (elementary, middle, high, alt, & other).

If more than 20% of your students receive multiple referrals in a single school year, focus on improvements to TIER 1

Using District Core Effectiveness
This report can't tell you about the individual needs of your schools, but it may be helpful in prioritizing district activities involving Tier 1 for behavior.
